10:30am-11:30am Sessions

TOPIC / PRESENTER	ROOM	DESCRIPTION
iStaff/Massachusetts EPIMS <i>Laura Patton</i>	Americas #3	An overview of the iStaff system, including maintenance of staff Biographical data, Attendance and Professional Development courses. Functionality and integration of the reporting requirements for Massachusetts EPIMS will also be covered in this session.
iFips <i>Dennis Cardiff</i>	Broad Street #1	Topics covered in this session will be: Ticket System Initiative and Overview, Next Fiscal Year Requisition and Order Entry, New Search Functionality View Only, New Order Rejection Functionality and Notification, Alerts for Action needed functionality, New Browser Fixed Asset Management System, General overview of other added features.
Moodle <i>Romeo Marquis</i>	Plymouth Room	Moodle is an online classroom that enables educators to achieve many things that are not possible in more traditional classrooms. It is very teacher friendly, providing tools to connect to dynamic course content, to conduct interactive problem solving online, and to assess student achievement at high levels. At The Learning Curve Consortium, it also enables teachers to engage in professional development between and among schools.
iTeacher Rankbook <i>Ann Morgan</i>	Lexington Room	This session will cover setup and configuration of the iTeacher Rankbook, including creating and scoring assignments in the rankbook and creating reports. The integration of the rankbook with the grading system makes grading efficient and simple for teachers using rankbook. Parents can view assignments and progress reports for each of their child's courses utilizing the parent portal.
Student Success Plans EPP's <i>Sharon O'Connor</i>	Park Avenue #2	Student Success Plans provides a valuable resource for online tracking of plans for students, instructional supports provided, notes from mentors and tutors tracking student progress in support areas. This product may be utilized to record Massachusetts Educational Proficiency Plans (EPP) as well as other types of success plans including behavioral modification plans. Configuration, setup, use and reporting will be covered in this session.

Noon-1:15pm New England Barbecue: Ballroom and Executive Dining Room (or outside on the patio, weather permitting)

1:30pm-2:30pm Sessions

TOPIC / PRESENTER	ROOM	DESCRIPTION
iHealth <i>Ann Morgan</i>	Lexington Room	An overview of the iHealth system, including maintenance of tables, nurse's log visits, creating visit templates, recording immunizations, illnesses and allergies; medication administration and reports.
iPay <i>Dennis Cardiff</i>	Broad Street #1	Topics covered in this session will be: General overview of the New Browser iPAY functionality, Set up and Conversion of current Payroll, Hosting Services.
Moodle <i>Romeo Marquis</i>	Plymouth Room	Moodle is an online classroom that enables educators to achieve many things that are not possible in more traditional classrooms. It is very teacher friendly, providing tools to connect to dynamic course content, to conduct interactive problem solving online, and to assess student achievement at high levels. At The Learning Curve Consortium, it also enables teachers to engage in professional development between and among schools.
Massachusetts SIMS Expansion Project <i>Laura Patton</i>	Americas #3	The Massachusetts DESE is expanding their SIMS fields to include student course and grades. In this session, the software changes and grade/course recording requirements will be discussed. This DESE change impacts elementary, middle and high school students and may impact scheduling and grading at all levels in your district.
Online Course Recommendations <i>Sharon O'Connor</i>	Park Avenue #2	iPass now offers the ability for online teacher/student/parent course recommendations. Teachers can enter recommendations for students for next year based on their current class lists. Parents can log in using iParent to approve courses or recommend others. Students can log in to enter electives and approve course recommendations. Go green and save paper printing out course selections and verifications sheets.

2:45pm-3:45pm Sessions

TOPIC / PRESENTER	ROOM	DESCRIPTION
Standards/Competency Based Report Cards <i>Laura Patton</i>	Americas #3	This session will cover the configuration, implementation and use of the Competency System in iPass to generate standards based report cards for elementary schools. This system can also be utilized by technical high schools to score tasks and skills in various shops.
iFips <i>Dennis Cardiff</i>	Broad Street #1	Topics covered in this session will be: Ticket System Initiative and Overview, Next Fiscal Year Requisition and Order Entry, New Search Functionality View Only, New Order Rejection Functionality and Notification, Alerts for Action needed functionality, New Browser Fixed Asset Management System, General overview of other added features.
Preparing to Open iParent <i>Sharon O'Connor</i>	Park Avenue #2	The iParent portal is a valuable communication tool within iPass for parents, teachers and administrators. This session will include preparation and configurations necessary to open the parent portal, recommended process, workflow impact and best practices for districts ready to enhance parent/teacher communications.
iTeacher Rankbook <i>Ann Morgan</i>	Lexington Room	This session will cover setup and configuration of the iTeacher Rankbook, including creating and scoring assignments in the rankbook and creating reports. The integration of the rankbook with the grading system makes grading efficient and simple for teachers using rankbook. Parents can view assignments and progress reports for each of their child's courses utilizing the parent portal.
