iPass Quick Guide: Add Teacher Website Link to iParent/iStudent Assignments

Teacher Websites

Teachers can have their Website URL display on the iParent and iStudent Assignment Screen. This can be set by School.

Go to Security > iParent Configuration and Security > iStudent Configuration

Set the school at the top of the screen.

Check off the box for **Allow display of teacher web site URL in Assignments**.

Teachers then go to My Data > My Preferences and enter their URL for their website. One Web site per teacher. Note, this section only shows up if the above step has been completed first.

The iStudent and iParent Assignment Screen will now have this icon:

Parents and Students can click the icon to go to the Teacher's Website
