March 25, 2016

APPLICATION ENHANCEMENTS

In order to allow school districts to track and report on students required immunizations, a new table has been added to iHealth Maintenance titled “Immunization Requirements”. The new Immunization Requirements table allows end users to group individual immunizations to meet a specific immunization requirement. The Immunization Requirement table allows the end user to enter the following information:

- Code > allows the end user to enter a numeric code value
- Description > allows the end user to enter an immunization requirement description.
- Report Abbreviation (*see New Reports below*) > allows the end user to enter an Immunization Requirement Abbreviation/ title to show on the Immunization reports.
- Immunization selection box > allows the end user to select which immunizations align to the immunization requirement.
- State Code Value > allows the end user to enter a state value.
- Report Indicator > allows the end user to select to show, or not show the immunization requirement on the immunization reports (*see New Reports below*).
- Print Order > allows the end user to determine the order the immunization requirement should appear on the reports.

iPass > IHealth System > Maintenance – Health > Immunization Requirements

Immunization Requirements	Procedure Codes	Activity Codes

<input checked="" type="checkbox"/> Can Edit ANY Student on Find Page.	<input checked="" type="checkbox"/> Teacher Can View ANY Student in View Only.
<input checked="" type="checkbox"/> Can View ANY Student on Find Page.	<input checked="" type="checkbox"/> Can View Locker Combinations.
<input checked="" type="checkbox"/> Can Update All Competencies.	<input checked="" type="checkbox"/> Attendance Clerk?
<input checked="" type="checkbox"/> Can Delete Success Plans	<input checked="" type="checkbox"/> Can Submit Batch Reports
<input checked="" type="checkbox"/> Can Alter User Fee Invoices and Payments	<input checked="" type="checkbox"/> Can Email Discipline Notifications
<input checked="" type="checkbox"/> Can View/Update SSN	<input type="checkbox"/> Allow Quick Schedule
<input checked="" type="checkbox"/> Can View Confidential in Staff View Only	<input type="checkbox"/> Can View and Update Low Income and Lunch Status
<input checked="" type="checkbox"/> Can Delete Uploads	
<input checked="" type="checkbox"/> Can Call Using iAutoAlert	

New Reports in iPass

To accommodate the Immunization Requirements table three new reports have been added to iHealth – Reports:

- **Immunization Requirements Summary** report > reflects per student, each immunization aligned to the immunization requirement, the required does, the number of doses the student has received, and an immunization requirement total for required and received doses.
- **Immunization Requirements Detail** report > reflects the same per student fields as the Immunization Requirement Summary report, plus the date each immunization was received, and any comments given for each immunization.
- **Immunization Requirements Totals** report > reflects the total number of student that meet each Immunization requirement. The total number of students per exemption, and a total of provisionally enrolled students. The report also shows each student, and the total number of immunizations the student has received for each Immunization requirement.
