Patch Release Notes - 7.0.20170927_sync

** RELEASE NOTES WILL BE POSTED AS SOON AS THEY ARE FINISHED. PLEASE CHECK BACK SOON. **

A patch release went out on September 27 (7.0.2070927_sync) that included updates for DOE024 First Native Language, DOE043 Chapter 74, and SIF Dwelling Arrangement. Refer to the Release Notes for more information. iPass Help > Patch Release Notes >

SIF districts can clear district-wide errors for these fields by using Delete SIF Tmp Table to clear the StudentPersonal and StudentSchoolEnrollment objects in the SIF Temp Table and then using SIF Reporting to send the SIMS objects. Legacy districts should create a new flat file and upload it to the DOE.
