Patch Release Notes - 7.0.20180215_sync

Patch Release Notes - Version 7.0.20180215_sync

***See full Release Notes attached below. ***

Summary:

IP-3151	iHealth Medication On-Hand is now counting down correctly and the reorder message is now showing up when needed.
IP-3256	Published Report Cards are viewable by only guardians with rights to receive.
IP-3277, IP-3683	Add-On Camera image is now being captured correctly.
IP-3657	Horizontal Averaging is now not calculated for dropped course sections unless all Term Grades are present at the time.
IP-3668	With the addition of 1 Copy per Lives With Flag setting = Yes the Report Cards are now publishing to all iParent accounts with rights to receive correctly.
IP-3693	The eSPEd Export (rptstuespedexport.p) now has Apartment field for all Guardians in file.
IP-3698	**IMPROVEMENT**: We Added the Suffix field to Add New Student Screen (regstudentadd.html). This way when staff enters a new student into iPass it will allow for the suffix to be placed in the Suffix field

IP-3704	SIF - We added an element to the StudentPersonal Object for [@Name=MAFormerSection504Â]] This will get rid of the 504 errors in SIMS. **ACTION REQUIRED**: You will need to clear the SIF Temp Table and resend the StudentPersonal Object
IP-3707	SIF responses are no longer taking up CPU and Memory which was spinning servers into having WebSpeed errors
