

## **Why am I getting an EPIMS validation error for too many teachers assigned to a course when only one is scheduled?**

If the Course Section Schedule screen shows only one teacher, click on "Add Dates" below the Select Teacher(s) box to see if any additional teachers are listed. If you find a teacher who should not be associated with the course during the school year, click on the X to the left of their name to remove them. Submit to update the record.

To update the EPIMS SIF transmission file, clear the SIF Temp Table/Send SIF Objects for SchoolCourseInfo and StaffSectionAssignment to try and clear the error. If the error does not clear please contact iPass Support.
