Why am I getting an EPIMS validation error for too many teachers assigned to a course when only one is scheduled?

If the Course Section Schedule screen shows only one teacher, click on "Add Dates" below the Select Teacher(s) box to see if any additional teachers are listed. If you find a teacher who should not be associated with the course during the school year, click on the X to the left of their name to remove them. Submit to update the record.

To update the EPIMS SIF transmission file, clear the SIF Temp Table/Send SIF Objects for SchoolCourseInfo and StaffSectionAssignment to try and clear the error. If the error does not clear please contact iPass Support.
