iPass User Training Series (2018-2019)

** Refer to attached PDF document. **

District iPass User Training Series

The District iPass User Training Webinar Series offers district-wide training targeted at specific job types and responsibilities for both new users and to provide current users with a refresher of iPass features and functionality.

Each training session consists of a **3-hour pre-recorded training session** and a live **1-hour district Q & A follow-up session**. Districts will receive the link to the pre-recorded webinar that can be shared with **unlimited staff** and referenced through the school year. The Q&A session will be scheduled after users have viewed the webinar.

Contact Laura Patton at lpatton@harriscomputer.com for more information.
