Patch Release Notes - 7.0.20200108_sync

A patch release went out on January 8, 2020. Version 7.0.20200108_sync.

*** Refer to attached Release Notes. ***

This patch release included the following:

- Improvements were made for overall speed and performance issues.

- Improvements were made to stop the Mass Load Schedules and Requests from locking up the system (casmascourse.html). **NOTE:** Locked record errors will show up in the report that is made when you run Mass Load Schedules and Requests. These students did not get scheduled during the run.

- Improvements were made for system performance issues that were causing several "busy agent" Webspeed errors that required system restarts.

- Improvements were made to the Staff Data Batch Entry screen load time (hrsbatchentry.html).

- Changed index on View Nurse Visits to Improve Speed and Performance.

- **<u>Enhancement:</u>** The ConnectEd Export now has an option to include the DOE034 Special Education code at the end of ConnectEd Export file. **NOTE:** The ConnectEd Parameters must be set to select the DOE034 code option.

- View Only Rankbook Progress Reports (brwsturbprogress.html), iStudent Rankbook Progress Reports (samprogressrpt.html) and iParent Rankbook Progress Reports (pamprogressrpt.html) now initialize default Term to current term.

- Transfer Grades - Term Grade, Comments and Narratives are now being removed from Dropped courses at school using multi-terms.

- There is no longer an Error generated when trying to change a User ID and there is no longer an issue with the process finishing.

- Add/Modify Narrative screen (tchrenternar.html) is now allowing the default grade to be used.

- Discipline record (disupdate.html) Email Incident to Student's Counselor and Teachers = Yes is no longer showing teachers of Dropped courses.

- Advanced Export Report (rptexportadv.p) DOE039 field is now working.

- Teacher Schedule Report is no longer making a runaway process filling disk space.

- iHealth Visit Detail Screen (hthvisitdtl.html) is no longer making an Error attempting to push run-time parameters on the stack
