

Patch Release Notes - 7.0.20200120_sync

A patch release went out on January 20, 2020. Version 7.0.20200120_sync.

**** Refer to attached Release Notes. ****

This patch release included the following:

- **EPIMS StaffSectionAssignment Object:** The AssignmentEndDate field is now getting the End Date from Course Catalog > Course Section Add Dates screen.
- **StudentSectionMarks Object** is now sending correct marks in all situations.
- **iStudent > iStudent Bio** is now displaying only All Lockers/Combos when there are more than one assigned.
- **Master Schedule (Matrix) Report** (rpascasmatschedm.html) is now including all scheduled courses in all situations.
- **Student Schedules Block/Period Labels:** Print Student Schedules is now using the Block/Period Title Parameter Value settings in System Configuration > Parameter Maintenance > Team/Scheduling to label the Students Schedules. **Note:** Individual Schools can set their own Block/Period Titles by selecting the School Profile Sequence number in Parameters Maintenance > Application instead of selecting Team. **** See Release Notes for more information.**
- **Scheduling System > Course Catalog > Course Section > Add Dates screen** (tchrcousedates.html): The teacher's Assignment Start Date now defaults to the date the teacher is added to the section/class. **Best Practice:** Click into the Add Dates screen to confirm or modify the Assignment Start Date to match the teacher's actual start date.
- **New User ID added to all iPass sites.** A Script was run to add a new iPass Support Team member, Frances Stewart. **Note:** All iPass Support Team members are set to Is Nurse = Yes so that they can provide support for the iHealth module.
