Patch Release Notes - 7.0.20160222r_pa

PA Sites Only.

Application Enhancements:

- To accommodate the PIMS Staff Student Subtest Report a new section titled â€œAssessment Typesâ€ has been added to the Course Catalog page. This section will allow multiple assessment tests to be assigned to a course.

- New date parameters have been added to the PIMS > Other PIMS Report parameter page to accommodate winter, spring, and summer (As of Date) testing dates.

Corrections and Minor Enhancements:

- The Stuff Student Subtest report has been updated for the 2015-2016 School Year.

* See attached document for more detail.
