Patch Release Notes - 7.0.20160325_sync

Sync Version Only.

Application Enhancements:

- **Immunization Requirements Table** â€" Track and report studentsâ€™ required immunizations

- **Low Income and Lunch Status â€œView and Updateâ€ Extra Security Option**

NOTE: Requires Update to User Accounts â€" Users that need access to view and update Low Income and Lunch Status must have their Manage Users > Extra Security Options updated. Go to Security System > Manage Users > Extra Security Options > check off â€œCan View and Update Low Income and Lunch Status.â€ *Click here for more information*.

- **New Report:**

    - Immunization Requirements Summary, Detail and Totals

Minor Enhancements & Corrections:

- The Gradebook Manage Assignment screen will now show all competencies aligned to a course.

- Study Hall Scheduler is now correctly assigning study hall to students with modified term sections.

- Gradebook/Rankbook YTD averages are no longer including terms not scheduled to the students.

- Recommendations will now show regardless of whether they were added as Department or Elective recommendations.

- Enhancements have been made to the Baseline export that include only sending staff with Job Groups equal to Teacher, Guidance, or Administrator. The export will now include all elementary courses.

- Gradebook will no longer display YTD Average equal to â€œ0â€ if selected term has no graded assignments.

- Recommendations now allow teachers to enter comments for parent and student entered recommendations.

- The GPA Rank report will no longer show â€œHighest GPA in Classâ€

unless it is selected.

- The ConnectEd Export will now work for multi-district sites.

- Mass Update will now update DOE043 Career/vocational Technical Education â€"Chapter 74-Approved Vocational Technical Education Program Participation.

- The students Date of Birth (DOB) has been added to the student header in the iHealth module.

- Student Profile will no longer reflect â€œ?â€• when a student ID is larger than eight (8) characters.
