

## **Patch Release Notes - 7.0.20160825\_sync**

Sync Version Only.

The following reported issues and minor enhancements are included in this release:

### **Description**

#### **Bio Verification Report**

Biographical System > Reports “ Biographical > Bio Verification Report > will now print one (1) copy if Lives with is true, and address are the same. Also, the “Name” sort is now by student name regardless of the parameter selection.

***\*\* Refer to attached Release Notes for recommended parameter settings. \*\****

#### **Print Report Cards for Previous Year**

Districts rolled over to the new school year can now print report cards for the previous school year.

#### **Add/Modify Biographical “Search”**

Biographical System > Add/Modify Student Search page > is now working as expected when Enrollment Status is set to “All”. When Enrollment Status is set to “None” the search results will equal student™s that do not have an enrollment record for the specified year.

#### **iTeacher Rankbook**

Add/Modify Rankbook > when adjustments are made to the previous year the YTD average will no longer reflect Zeros.

#### **Student Schedule Summary Course Terms**

Student Schedules > Sections terms will now reflect as expected when the sections does not have a first term.

Example: If a course only meets Term 2 it will display a dash in Term 1, 3 and 4. (-2--)

### **Add/Modify Student Grades â€” Available Courses to Select**

Add/Modify Student Grades will now reflect a course/section regardless of the â€œHas Meeting Timeâ€” indicator (Yes/No).

### **PA Sites â€” Residence Status Code Description**

Biographical System > Student Enrollment > Residence status codes will now reflect as expected when commas are used in the description.

### **Course Catalog Rollover of Unscheduled Courses (Has Meeting Time = No)**

Course Rollover > course/section will now rollover if the course/section does not have a scheduled meeting time (Day/Period).

### **Modify Schedule â€” Restore Course Conflict Message**

Student Schedule > end users will now receive an error message when trying to restore a course/section with a conflict if the course name has a single quote mark in the name.
