Patch Release Notes - 7.0.20160928_sync

A patch release (v. 7.0.20160928_sync) went out on September 28th to the Massachusetts and Pennsylvania Sync Version sites. The patch addressed included several enhancements and corrections including the following:

Enhancements:

- Create iStudent Account â€" A new option has been added to iStudent Configuration that allows end users to create iStudent accounts, append existing accounts, and create iStudent email addresses.

- MA State Reporting:

  - New field to identify â€œScheduling Schoolâ€ (SIF)

  - New â€œGender â€" DOE009â€ field to accommodate new Nonbinary Gender

  - New â€œHomelessâ€ field (SIF)

  - New â€œSLIFE â€" DOE041â€ field

  - New â€œNon-Gradedâ€ Course indicator added to Course Details screen (SIF)

  - New Warning message if end users change the DOE011, DOE012, DOE013 fields without exiting or enrolling the student

  - New ability to restrict the row count for SIF Log files

  - New â€œSIF Reportâ€ screen allows user to send SIF Objects by School (all reports) by Individual Students (SIMS, SCS, SSDR), by Course- Sections (SCS), or by individual staff members (EPIMS)

- PA State Reporting:

  - Updates made to the PIMS Student Fact Template â€" Special Education for the Act 16 Report.

Corrections and Minor Enhancements Made To:

- The â€œAddâ€ button is now available for all grade levels in

Transcript History. This will allow the end user to enter a transcript record for a first year student.

- When creating a school calendar the school Start and End Dates have been extended to include additional future years.

- The iParent Schedule Rotation view will now initialize on the current term and will no longer reflect a blank report on the initial login.

- Add/Modify Student Grades will now display all of the courses scheduled for the selected term.

- The Massachusetts eSPED export will now reflect the studentâ€™s LASID.

- Student Bio Verification Report will no longer print blank pages and will print a copy for siblings at the same school.

- Massachusetts Discipline reports will now render data regardless of corrupted return dates.

- Employee ID has been added to the â€œImport Staff Dataâ€ parameter page instruction. The screen now displays the 6 required fields for import (Employee ID, First Name, Middle Name (NMN), Last Name, DOB, Gender).

- Letters are now printing as expected with correct page breaks within the Letter Module.

- iHealth Reports > Letters is now honoring the selected grade levels when printing.

- My Courses > Gradebook view shall now reflect a studentâ€™s period absence code in the assignment grade field if the student was absent on the assignment due date.

- Student Profile > Date of Birth month calculation will display the correct Years and Months.

- EPIMS Reporting â€“ iStaff Batch Entry screen will now allow an input equal to zero (0), for staff members reported on leave.

- Quick Scheduling â€“ Associated courses in the Room Catalog can now be deleted.

- Guardian Information displays multiple email addresses entered for a Guardian with email address rank.

- Gradebook/Rankbook Progress Reports will no longer reflect students who have dropped the course-section.

- The Submit Course Grades screen in the Gradebook will now reflect all students for the course-section.
