How do I update the new code values for Gender â€" DOE009, SLIFE â€" DOE041 or Homeless if I report to the DESE via SIF transmission?

You will need to send the SIF Objects for $\hat{a} \in \mathbb{C}$ StudentPersonal $\hat{a} \in \mathbb{C}$. SLIFE $\hat{a} \in \mathbb{C}$ DOE041 will send a default value of $\hat{a} \in \mathbb{C}$ No $\hat{a} \in \mathbb{C}$ when the field is blank. The Gender $\hat{a} \in \mathbb{C}$ DOE009 has been populated with the previous Gender code. Adjustments to the codes can be made to individual students on the student $\hat{a} \in \mathbb{C}$ MA DOE screen. Submitting the code change will transmit the new value to the DESE. Click here to learn more about how to send SIF Objects.
