

Webex - EZSchoolEnroll Demonstration - Recording from 2/8/17 User Group Meeting

EZSchoolEnroll recording from 2/8/17 users group meeting.

The February Online User Group Meeting featured a demonstration of EZSchoolEnroll.

EZSchoolEnroll is a web-based option for parents to register their children for school online. EZSchoolEnroll fully integrates with iPass and there is no per-student charge for this product for current iPass customers!

Getting ready for Kindergarten or new student registration? Simplify the process by providing parents with online registration.

- Parents log in and fill in information in forms created by your district.
- Information comes into iPass for review, approval, and enrollment.
- Eliminates the need for school-based or central-based enrollment.
- Can be used to collect all kinds of information for use in other areas/products.
