

## iStudent Accounts Activity - Enrolled Students

This query will list all students and indicate if they have logged in, when the password was last changed and if the account is Active.

This query is run by School Year, School, and Grade Level. It will include enrolled students only.

When you execute the query select the following:

- Calendar Year
- Grade Level
- School
- School Year Start Date
- School Year End Date
- Enrollment Status - Defaults to E for Enrolled

ID	First Name	Last Name	User Id	Grade Level	Yes indicate s hasnt logged in yet	Last Password change	Active	Status
----	------------	-----------	---------	-------------	------------------------------------	----------------------	--------	--------
